Sir:

SUPPLEMENTAL INFORMATION-DISCLOSURE STATEMENT
UNDER 37 C.F.R. § 1.97 (b)(3)

Applicants hereby bring to the Examiner's attention the references listed on the accompanying form PTO-1449 in compliance with the requirements of 37 C.F.R. §§ 1.56 and 1.97(b)(3). Pursuant to 37 C.F.R. § 1.98 (2)(i), Applicants have not enclosed copies of the cited U.S. patents or publications. Copies of the documents (References DF-FI) identified in the Form PTO-1449 are not provided because they were previously cited by or submitted to the Patent Office in the prior parent patent application, USSN 10/618,338, which was filed July 11, 2003; therefore, they are not required to be provided in this application. However, Applicants will gladly furnish copies of some or all of same upon request.

Applicants respectfully request that the Examiner consider the listed documents and indicate that they were considered by making appropriate notations on the attached form.

Applicants have listed dates of publication on the attached PTO-1449 for the cited documents based on information presently available to the undersigned. However, the listed publication dates should not be construed that the information in the cited documents was actually published or otherwise publicly available on the date indicated.

This submission does not represent that a search has been made or that no better art exists. Nor does it constitute an admission that each or all of the listed documents are material or constitute "prior art." Further, if the Examiner applies any of the documents as prior art against any claim in the application and Applicants determine that the cited documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents. Moreover, the Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Under 37 C.F.R. § 1.97 (b)(3), this Information Disclosure Statement is being filed before the mailing date of the first Office Action on the merits; therefore, no fee is believed to be due in connection with this submission. If, however, a first Office Action on the merits issues in this application bearing a mailing date prior to the date of this Information Disclosure Statement, the Commissioner is authorized to charge any deficiencies or credit any overpayment to our **Deposit Account, No. 06-1448, Reference TNA-005.05.**

Respectfully submitted,
